2. The Director signed a letter to Chairman Fountain, of the Intergovernmental Relations Subcommittee of the House Government Operations Committee, in response to a letter from Mr. Fountain complaining about the lack of cooperation between this Agency and his Subcommittee. This letter had been cleared by Mr. McCabe of the White House and had been shown to representatives of the Departments of Commerce, State, Agriculture and Navy, all of whom had also received letters in a similar vein from this Subcommittee. The Subcommittee had also written to the President, and this letter has been referred to the Department of Commerce for a reply.
